

The North East Local Learning and Employment Network (NELLEN) brings together the experience and expertise of local education providers, industry, community organisations, parents, students and government to support improved education and employment outcomes for young people aged 15 - 19 years.

The NELLEN covers the local government areas of the City of Wodonga and the Shires of Indigo, Towong and Alpine.

It also receives funding from the Federal Government Department of Education, Employment and Workplace Relations (DEEWR) for two Local Community Partnerships (LCP's) in its region - Wodonga and East Ovens Murray.

The Local Community Partnership is part of Career Advice Australia, a national career development and transition support system for all young Australians aged 13 to 19. The system aims to help all in this age group gain the skills, experience and professional guidance they need to make a successful transition from school to further education, training and employment.

The LCP is proud to support the Alpine Campus of the School for Student Leadership.
